# AIR FETE '00

Air Fete 2000 marks the fiftieth anniversary of the U.S. Air Force presence at RAF Mildenhall. Since Oct. 16, 1934 when it officially opened, RAF Mildenhall has been at the center of aviation for the air forces of the United Kingdom and later the United States. At one time, RAF Mildenhall was one of the largest bases under the British Bomber Command. Today's 100th Air Refueling Wing is the host unit at RAF Mildenhall. It flies 6,000 hours annually and is the only U.S. air refueling unit in Europe and supports all U.S. and NATO operations (both contingency and humanitarian) throughout 89 nations (from northern Europe to southern Africa).
